

FACILITIES INSPECTION REPORT

Quarterly inspection report for the Pittsburgh facility of Vantage Robotics, Inc., inspected on June 17, 2026.
Status: clean-corpus noise document, Day 12 (D12-M1 prep).

1. Fire and Life Safety

Fire alarm panels, extinguishers, and exit signage passed inspection. Annual extinguisher certification remains on schedule for September 2026.

2. Building Systems

HVAC units performed within specification. Roof drainage was verified clear during the June inspection, and no leaks were observed.

3. Racking and Loading Docks

Racking uprights and dock levelers showed normal wear. Two dock bumpers are scheduled for replacement in August 2026.

4. Conclusion

The facility is in good condition with no material deficiencies. The next quarterly inspection is scheduled for September 2026.
